EARLY CHILDHOOD EDUCATION

Throughout the years, St. Luke's Lutheran Church & School has offered preschool classes for 3 & 4 year old students. St. Luke's would again like to provide an academic/Christian based preschool for Oakfield and the surrounding areas. We are in the process of studying the feasibility of a preschool program for the next school year. Surveys have been sent out to prospective students and if anyone knows of a prospective student, please feel free to contact Mr. Miller. Hopefully, we will have the results in the next few weeks and our School Committee will be making a decision on the preschool program at that time. Also, Mrs. Tetzlaff is in the process of contacting the families of our Kindergarten students for next year and planning a Kindergarten Round Up day at St. Luke's in the month of May.

WELS KIDS CONNECTION VIDEO

May Episode: This month is a lesson in contrast: New York City and Waco, Nebraska. One has a population of over eight million: the other is home to 251 people. In these two contrasting cities a WELS mission and a WELS high school preach God's message of sin and salvation. Under a subway rail in its newly dedicated storefront home, Sure Foundation Lutheran Church serves the varied residents of New York City. Every Sunday two worship services are conducted, one in English and one in Spanish. Our second story comes to us from the corn fields of Nebraska. Zach Richie, a graduate of Nebraska Lutheran High School, works for a local television station. He had the privilege of going back to his alma mater and sharing its story with his television audience. Finally, Pastor Tony Schultz takes us back to the basics of our faith.
